OUR ASSOCIATED COMPANIES

The Language Gazette is an innovative and vibrant digital magazine by group of professionals at Ewan Business Solutions. This platform is designed to be an inclusive and dynamic space for contributors who are deeply passionate about language and linguistic diversity.

In a world where communication bridges cultures, industries, and ideas, TLG is your comprehensive companion to explore the fascinating realm of languages. Whether you're a language enthusiast, a professional in a global industry, or an organization seeking a deeper understanding of multilingual trends, TLG is your source for insight and inspiration.

At TLG, we celebrate the diversity and depth of languages, offering readers a wide range of content tailored to educate and engage. From exploring the nuances of endangered dialects to the cutting-edge use of artificial intelligence in translation, we aim to shed light on every corner of the linguistic world.

With a mission to inform, inspire, and connect, TLG acts as a bridge between the passion for languages and the practical needs of a globalized world. We aim to nurture curiosity, spark conversations, and celebrate the role of language in uniting people across borders.

Join us on this journey as we uncover the stories behind words, celebrate linguistic diversity, and embrace the power of communication. At The Language Gazette, every voice matters because every language tells a story.

FROM THE EDITOR

Localization is the process of making a product or service more suitable for a particular country or area. In this post we will look into how Indian brands marketed their products to different parts of India so well that they have become a cult favorite in India. In next few issues we will be discussing different ways of monetizing language skills and actual applications of the language usage.

Bajaj Auto Limited is an Indian multinational automotive manufacturing company based in Pune. It manufactures motorcycles, scooters and auto rickshaws. It was founded by Jamnalal Bajaj in Rajasthan in the 1940s.

Bajaj Auto's tagline, "Hamara Bajaj" stood out from all its competitors. It felt more personal to Indians.

Bajaj Auto also has an extremely competitive pricing strategy

The company has immense knowledge in regards to the market well overall Low cost of ownership are key elements to an effective Pricing strategy.

Bajaj Auto has created a strong presence across India, with its dealerships and manufacturing plants. With several manufacturing plants based in Pune, Chakan, Waluj, Pantnagar & Mumbai. It can be concluded that Bajaj Auto has poured its heart and soul into every segment of the strategy to maximise its reach and acquire its customer's trust and loyalty from all around the world. It has successfully used localization for its marketing strategy.

JANUARY ISSUE:

MOVIES AND OTHER PERFORMATIVE ART FORMS WATCHED IN OTHER LANGUAGES

ગુજરાતી ચલચિત્રો અને રંગમંચ

ગુજરાતી ભાષા ને જનમાનસ ની વચ્ચે જીવંત રાખવામાં ગુજરાતી નાટકો નો ખુબ મોટો ફાળો છે. મારું બાળપણ સુરત ની રંગ ભૂમિ ના ભવ્ય નાટકો અને ગણ્યા ગાંઠ્યા ચલ ચિત્રો ની સ્મૃતિઓ થી સંપન્ન છે.

કહેવાય છે કે ગુજરાતી ચલ ચિત્રો ૧૯૭૫ ના દાયકા માં અટકી ગયા હતા. એજ ખેતરો ને એજ રાસડાઓ. પણ, ગુજરાતી નાટકો એ એના પ્રેક્ષકો ની લાજ સાચવી હતી. ગુજરાતી પ્રેક્ષકગણ, નવા નાટકો અને નવી કથાઓ ની આતુરતાથી રાહ જોતો હોય છે. ગુજરાતી રંગમંચ ના ઘણા કલાકારો આજે પણ એમના પ્રેક્ષકો વચ્ચે સુખરૂપ સ્મૃતિ ના રૂપમાં જીવંત છે. પદ્મા રાણી, સરિતા જોશી, અરવિંદ જોશી, યજ્ઞદી કરંજિયા અને કેટકેટલાંક મહારથીઓ એ મારી નાટક જોવાની ભૂખ માં દરેદર વૃદ્ધિ કરી છે. ગુજરાતી નાટકો ને બળ મળવા પાછળ નું કારણ, સારા ગુજરાતી ચલચિત્રોનો અભાવ પણ હોય શકે છે. પાછલા ૧૦ વર્ષો માં સારા ગુજરાતી ચલચિત્રો આવતા થયા છે. મારા મનપસંદ નાટકો ની શ્રેણીમાં અવસર આવી ને ઉભો આંગણો, બિચ્ચારો બરજોર, વેલકમ જિંદગી, ચિત્કાર અને બા એ મારી બાઉન્ડરી આવી શકે છે. આ નાટકો એ ગુજરાત ને ઘડવા માં મોટો ફાળો આપ્યો છે. મારા મિત્ર વર્તુળ માં સૌને સપરિવાર નાટક જોવાનો અનહદ શોખ, અને કહું તો જરૂરિયાત છે. આ નાટકો સાહિત્ય થી ભરપૂર, લાગણી ઓ ના સરોવર અને કથા લેખન ના ભંડાર હોય છે. આજકાલ પ્રેક્ષકો કૉમેડી નાટકો ની ભરમાર જુએ છે અને પારિવારિક નાટકો ને જરૂરથી અભાવ અનુભવે છે.

૧૯૭૫ - ૮૦ ના દાયકા સુધી ગુજરાતી ચલચિત્રો ની બોલબાલા હતી. સપરિવાર ચલચિત્રો જોવાનો એક અનેરો રોમાન્ચ હતો. પરંતુ, ગુજરાતી ચલચિત્રો સમય ની સાથે બદલાયા

નહિ અને હિન્દી ચલચિત્રો સામે ટકી ના શક્યાં. ખરા અર્થ માં કહું તો મેં આજ સુધી જીવન ૪ થી વધારે ગુજરાતી ચલચિત્રો સિનેમા માં જોયા નહિ હશે.

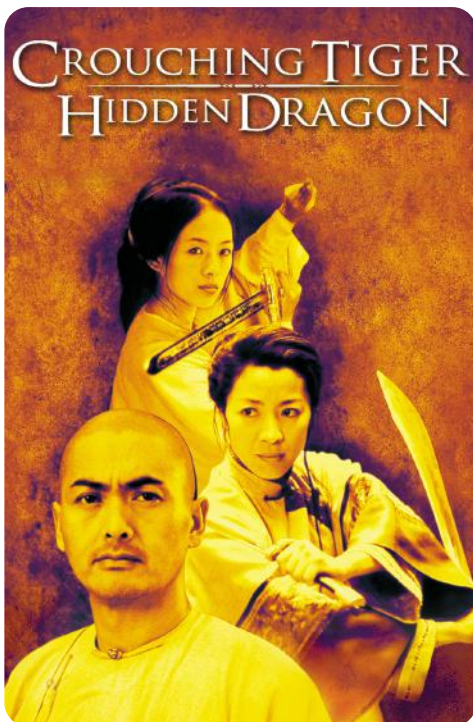

છેલ્લા એક દાયકા માં ગુજરાતી ચલચિત્રો માં કથા, ટેકનોલોજી અને અભિનય નો ખરો સંગમ જોવા મળી રહ્યો છે. છેલ્લા વર્ષો માં આવેલી ફિલ્મો જેવી કે હેલ્લારો, વશ, વ્હાલમ એવો ને, કસુંબો અને નર્મદા એ ગુજરાતી ચલચિત્રોમાં નવો પ્રાણ ફૂંક્યો છે. હલ્લરો ને સર્વશ્રેષ્ઠ સિનેમા નો રાષ્ટ્રીય પુરસ્કાર પણ મળ્યો છે.

આજે અંગ્રેજી અને હિન્દી ભાષા ના અતિક્રમણ સામે જો ગુજરાતી ભાષા ને બાળકો અને યુવા પેઢી ઓ વચ્ચે જીવંત રાખવી હોય તો નાટકો અને ચલચિત્રો નિર્વિવાદ અગત્ય ની ભૂમિકા ભજવી શકે છે.

Movies and Other Performative Art Forms Watched in Other Languages

In an increasingly interconnected world, the boundaries of cultural consumption are expanding beyond language barriers. Movies, theatre, music, dance, and other performative art forms from diverse linguistic backgrounds are now easily accessible to audiences across the globe. This growing access has sparked a broader appreciation for international arts and has allowed audiences to experience works that are not bound by their own language or national identity.

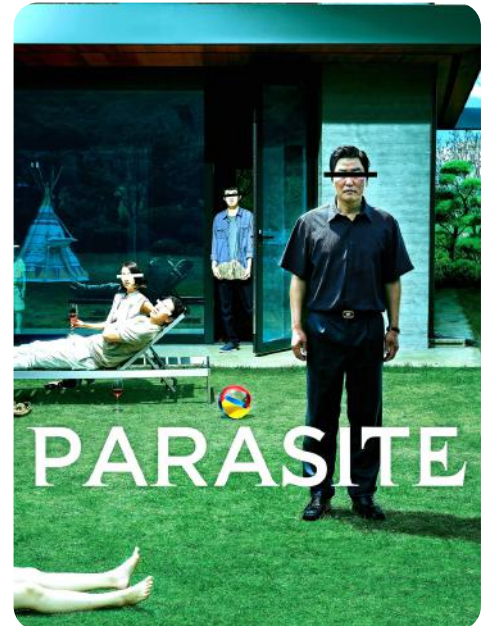

Whether through subtitles, dubbing, or the raw emotional power of performance, the consumption of foreign-language art forms has transformed the way we view creativity and storytelling.

The Globalization of Cinema

One of the most significant developments in the exchange of performative art across languages is the globalization of cinema. Films are no longer confined to the markets where they are produced, as digital platforms like Netflix, Amazon Prime, and Disney+ have made it easier to access films from around the world. Audiences can now watch movies from countries as diverse as South Korea, India, Iran, and Mexico, expanding their cinematic horizons.

A great example of this trend is the success of the South Korean film *Parasite* (2019), which won the Academy Award for Best Picture.

The film, directed by Bong Joon-ho, was not only a commercial hit but also ignited a renewed interest in international films, demonstrating the global appeal of stories told in languages other than English. Similarly, movies such as *Roma* (Mexico), *Amour* (France), and *Crouching Tiger, Hidden Dragon* (China) have demonstrated that universal themes such as love, family, and social inequality transcend language barriers, captivating audiences worldwide.

The use of subtitles in these films plays a pivotal role in their accessibility. While some may still be hesitant to watch movies in languages they don't understand, subtitles allow viewers to connect with a narrative in a way that dubbed versions often can't. Subtitles preserve the original performances and emotions of

the actors, providing a more authentic experience. In fact, many film enthusiasts argue that reading subtitles is a way to engage more deeply with the story, as it forces the viewer to focus on both the visual and textual aspects of the film.

Theatre Across Cultures

In the realm of theatre, performances in other languages offer an equally transformative experience. Major cities like London, New York, and Paris frequently host international theatre companies, presenting plays that may not be widely known outside their home countries. The Royal National Theatre in London, for example, often features productions from across Europe, and companies like the Comédie-Française

and the Berliner Ensemble bring French and German plays to international audiences.

These performances may be in their native languages but are typically accompanied by translations, either through subtitles or live interpretation. The art of translation in theatre is particularly nuanced, as it involves not just linguistic transfer but also cultural adaptation. A performance in Russian or Japanese, for instance, might reflect different social norms, historical contexts, and theatrical traditions that challenge audiences' assumptions and broaden their worldview.

Dance and Music Without Borders

Dance and music are also prime examples of performative art forms that transcend language barriers. Contemporary dance performances, such as those by renowned choreographers like Pina Bausch or Akram Khan, often rely on physical expression rather than dialogue, allowing them to communicate emotional and narrative content in a universally understandable way. Likewise, musical genres like flamenco, jazz, or K-pop have found

international audiences, often without the need for verbal communication at all.

The global appeal of music, in particular, is undeniable. In 2020, the song "Dynamite" by the South Korean boy band BTS became a global hit, despite being sung entirely in Korean. Similarly, reggaeton, a genre with roots in Puerto Rico, has become a mainstream favorite worldwide, thanks to artists like Bad Bunny and J Balvin. These examples show that the language of music is not restricted to words—it speaks through rhythm, melody, and performance, making it an inherently global art form.

The Power of Visual and Performance Art

In many cases, the most compelling aspects of visual and performance art lie in their ability to communicate through imagery and physical presence, bypassing language entirely. Art forms such as mime, visual art installations, and abstract dance can convey complex emotional and political messages without the need for spoken or written language. A work of visual art in an art gallery, for instance, speaks directly to the viewer's emotions, regardless of whether they are familiar with the culture of its origin.

他言語で鑑賞される映画やその他の舞台芸術

相互接続がますます進む世界では、文化消費の境界が言語の壁を越えて拡大しています。多様な言語的背景による映画、演劇、音楽、ダンス、その他の舞台芸術は、現在、世界中の観客が簡単に視聴できるようになりました。このアクセスの増加により、国際芸術への幅広い評価が高まり、観客は自分の言語や国籍に縛られない作品を体験できるようになりました。字幕、吹き替え、またはパフォーマンスの生の感情的な力を通じて、外国語の芸術形式の消費は、創造性とストーリーテリングに対する私たちの見方を変えました。

映画のグローバル化

言語を超えた舞台芸術の交換における最も重要な発展の1つは、映画のグローバル化です。Netflix、Amazon Prime、Disney+などのデジタルプラットフォームにより、世界中の映画に簡単にアクセスできるようになり、映画はもはや制作された市場に限定されなくなりました。観客は韓国、インド、イラン、メキシコなど多様な国の映画を視聴できるようになり、映画の視野が広がります。

この傾向の好例は、アカデミー賞作品賞を受賞した韓国映画『パラサイト 半地下の家族』（2019）の成功です。ポン・ジュノ監督のこの映画は商業的にヒットし

ただけでなく、英語以外の言語で語られる物語の世界的な魅力を示し、国際映画への新たな関心を引き起こした。同様に、『ローマ』（メキシコ）、『アムール』（フランス）、『クラウチング・タイガー、ヒドゥン・ドラゴン』（中国）などの映画は、愛、家族、社会的不平等などの普遍的なテーマが言語の壁を超え、世界中の観客を魅了していることを実証してきました。

ただけでなく、英語以外の言語で語られる物語の世界的な魅力を示し、国際映画への新たな関心を引き起こした。同様に、『ローマ』（メキシコ）、『アムール』（フランス）、『クラウチング・タイガー、ヒドゥン・ドラゴン』（中国）などの映画は、愛、家族、社会的不平等などの普遍的なテーマが言語の壁を超え、世界中の観客を魅了していることを実証してきました。

文化を超えた演劇

演劇の分野では、他の言語でのパフォーマンスも同様に革新的な体験を提供します。ロンドン、ニューヨーク、パリなどの大都市では、国際的な劇団が頻繁に主催し、母国以外ではあまり知られていない作品も上演されます。たとえば、ロンドンのロイヤル ナショナル シアターでは、ヨーロッパ全土の作品が頻繁に上演され、コメディ フランセーズやベルリン アンサンブルなどの劇団がフランスとドイツの演劇を世界中の観客に届けています。

これらのパフォーマンスは母国語で行われる場合もありますが、通常は字幕またはライブ通訳による翻訳が伴います。演劇における翻訳の芸術は、言語の伝達だけでなく文化の適応も伴うため、特に微妙です。たとえば、ロシア語や日本

語でのパフォーマンスは、さまざまな社会規範、歴史的背景、演劇の伝統を反映している可能性があり、観客の思い込み疑問を投げかけ、世界観を広げます。

ビジュアルアートとパフォーマンスアートの力

多くの場合、ビジュアル アートやパフォーマンス アートの最も魅力的な側面は、言語を完全にバイパスして、イメージと物理的な存在を通じてコミュニケーションできる能力にあります。マイム、ビジュアル アート インスタレーション、抽象ダンスなどの芸術形式は、話し言葉や書き言葉を必要とせずに、複雑な感情のおよび政治的メッセージを伝えることができます。たとえば、美術館の視覚芸術作品は、その起源の文化に精通しているかどうかに関係なく、見る人の感情に直接語りかけます。

In today's time movies and media have not only become a source of entertainment but also serve as a bridge to connect people, not just within their own surroundings but also across the world. It is an escape from our tough daily routines. Movies and other performative art forms watched in other languages gave us an opportunity to understand other cultures and to view their narratives from a perspective which is entirely different from our own thinking. It allows us to experience the world through the eyes of different people from different backgrounds, learn about their customs, traditions and social values. Many other language films and shows offer us a different artistic perspective and storytelling technique, which is quite distinct from our mainstream media that broaden our

CULTURAL BRIDGES: THE TRANSFORMATIVE POWER OF MULTILINGUAL CINEMA

appreciation for different diverse cinematic styles and artistic expressions. In the past, and even now, people often avoid watching movies and shows of other language because they don't understand that language. However, there are many ways to overcome this barrier, such as subtitles, dubbing and language learning tools. And, once you start watching movies in other languages and develop an interest in them, sometimes you often tend to stop watching shows or movies in your own language. You started increasing your interest in those which you avoid or used to be hesitant to watch. Watching movies and shows of other languages can be a really enriching experience. It helps you to learn about different cultures and see the world through different eyes. So, why not give it a try? You might discover some amazing stories and expand your horizons.

Puentes culturales: El poder transformador del cine multilingüe

En la actualidad, las películas y los medios de comunicación no solo se han convertido en una fuente de entretenimiento, sino que también sirven como un puente para conectar a las personas, no solo dentro de su propio entorno, sino también en todo el mundo. Es un escape de nuestras duras rutinas diarias. Las películas y otras formas de arte performativo vistos en otros idiomas nos dieron la oportunidad de entender otras culturas y ver sus narrativas desde una perspectiva totalmente diferente de nuestro propio pensamiento. Nos permite experimentar el mundo a través de los ojos de diferentes personas de diferentes orígenes, aprender sobre sus costumbres, tradiciones y valores sociales.

Muchas otras películas y espectáculos lingüísticos nos ofrecen una perspectiva artística diferente y una técnica de narración, que es bastante distinta de nuestros medios de comunicación convencionales que amplían nuestra apreciación por los diferentes estilos cinematográficos y expresiones artísticas. En el pasado, e incluso ahora, las personas a menudo evitan ver películas y programas de

otro idioma porque no entienden ese idioma. Sin embargo, hay muchas maneras de superar esta barrera, como los subtítulos, el doblaje y las herramientas de aprendizaje de idiomas. Y, una vez que empiezas a ver películas en otros idiomas y desarrollas un interés en ellas, a veces tiendes a dejar de ver programas o películas en tu propio idioma. Empezaste a aumentar tu interés en aquellos que evitas o solías dudar de ver.

Ver películas y programas de otros idiomas puede ser una experiencia realmente enriquecedora. Te ayuda a aprender sobre diferentes culturas y ver el mundo a través de diferentes ojos. Entonces, ¿por qué no intentarlo? Podrías descubrir algunas historias increíbles y expandir tus horizontes.

PARABOLA CONCOURSE OF ARTS, MOVIES AND EXISTENCE

One cannot fathom, anywhere in across the globe, a society persisting or existing without arts and entertainment. We could propose two reasons behind the existence of these instruments, one to not divert from the truth of the world around us, and to tolerate or bear banality of existence and reality. The great sage, Bharata muni, detailed in his seminal work the Natyashastra that the byproduct of performing arts is entertainment but it must not solely be the only purpose while performing. The spectator in the audience, when witnessing any type of performance, must be teleported to an alternate reality where he or she attains spiritual liberation or Moksha, to witness one's physical body when the soul has been liberated from it and to evoke a sense creative freedom within. Bharatamuni detailed nine pure emotions known as Rasa which are persistent in a human being and must be present in a performance otherwise the performance is deemed a failure and those emotions are sringaraha rasa(romance), hasya rasa(comedy), raudra rasa(fury), karunyam rasa(compassion), veer rasa(heroism), adbhuta rasa(wonder) and santam rasa(peace).

This article will detail some performing arts and movies watched across different linguistic communities highlighting their uniqueness and significance in performance.

When Japanese manga artist Osamu Tezuka, while working at Disney, once decided to simplify Disney animations to wane costs and restrict frame counts. After this, whenever he was on a tight schedule, he would utilize the same technique, and inevitably not realizing, that this restrictive animation

techniques would give birth to the medium of world renowned animation style known as 'Anime'. The first anime movie to be released on television was Three Takes which was released in 1960, followed by the first two anime series, Instant History (1961-64) and Astro Boy (1963-66). Japanese manga artists in the 1970s, after witnessing the rise of Anime, decided to adapt their works on the big screen and television in the same medium. The medium of Anime is known for its focus on details of the environment, panning and zooming of angle shots, limited expressions, thematic scope, complex and layered narratives, and distinct art styles which varies from creator to

creator, artist to artist and studio to studio thus generating a fountain of emotions which otherwise could not be transplanted by live performers on stage or movies.

In the sub-region of Oceania known as Polynesia, which comprises one thousand micro islands and the country of New Zealand resides a Polynesian ethnolinguistic tribe known as Māori. Famous for their Haka ceremonial dance, which they perform by slapping their hands against their bodies, stomping their feet on the ground, accompanied by rhythmical shouting, sticking their tongues out and enlarging their eyeballs and on various occasions such as while welcoming guests, prompting social and political messages, retaining social prestige, or to intimidate their opponents at sporting events before the match.

WARUM LIEBE ICH “MIDNIGHT IN PARIS”??

Es war ein trüber Sonntag, und ich war in meinen Gedanken verloren. Obwohl es ein freier Tag war, hatte ich nichts Spannendes zu tun, und alle meine Freunde hatten keine Zeit. Irgendwie schaffte ich es, aus meinem unordentlichen, aber gemütlichen Bett aufzustehen. Ich öffnete meine Watchlist, schloss die Augen und wählte zufällig einen Film aus. Als ich die Augen öffnete, war es *Midnight in Paris*. Bis heute bin ich so froh, dass ich auf dieses filmische Meisterwerk gestoßen bin. Es ist jetzt zwei Jahre her, und ich kann gar nicht zählen, wie oft ich diesen Film schon gesehen habe.

MIDNIGHT IN PARIS 2011

running time 94 MINUTES

directed by WOODY ALLEN

produced by LETTY ARONSON STEPHEN TENEBBAUM JAUME ROURES

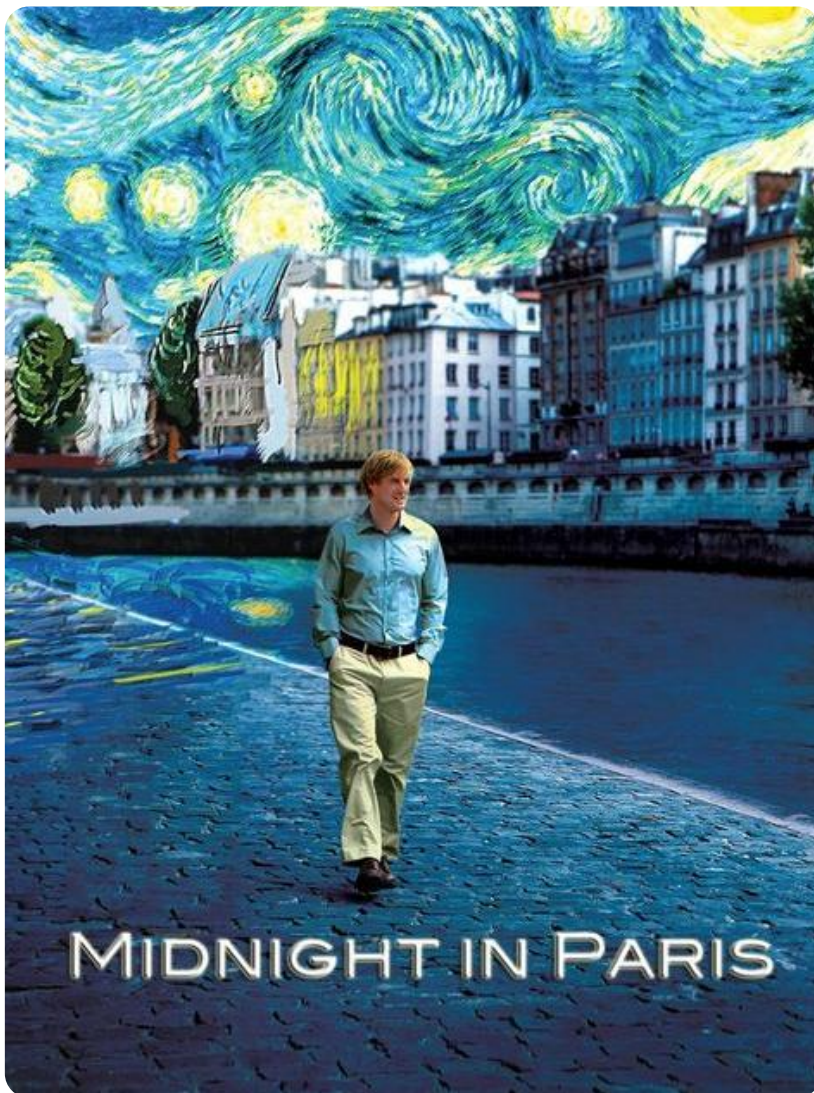

starring OWEN WILSON RACHEL MCADAMS MICHAEL SHEEN
KATHY BATES TOM HIDDLESTON MARION COTILLARD

Der Grund, warum ich diesen Film so liebe, ist seine Zeitlosigkeit. Ich fühle mich Gil Pender, dem Protagonisten, sehr verbunden. Er findet sich plötzlich im Paris der 1920er Jahre wieder – einer Zeit, die er vergöttert. In diesem goldenen Zeitalter trifft er legendäre Figuren wie Hemingway, Fitzgerald, Gertrude Stein und viele andere Ikonen der Kunst- und Literaturgeschichte. Gils Reise zu beobachten, fühlt sich an wie ein Traum, besonders für jemanden wie mich, der diese Autoren bewundert und oft Stunden damit verbringt, über das „Goldene Zeitalter der Kunst und Literatur“ zu lesen.

Was mich besonders berührt, ist die Botschaft des Films: Egal, wie sehr wir die Vergangenheit romantisieren oder die Gegenwart verachten, die heutigen Probleme werden eines Tages zu Erinnerungen, zu einem Teil unseres eigenen goldenen Zeitalters. Der Film erinnert uns daran, die Gegenwart zu schätzen, während wir die Vergangenheit ehren, denn beides sind wichtige Kapitel unseres Lebens.

Also, hier bin ich und verabschiede mich mit dem perfekten Plan für meinen Abend: Ich werde zurück in mein unordentliches, aber gemütliches Bett schlüpfen, mir eine Tasse Tee einschenken und mich wieder einmal in der zauberhaften Welt von *Midnight in Paris* verlieren. Wer würde nicht gerne durch die Straßen des Paris der 1920er Jahre spazieren, auch wenn es nur für eine Weile ist?

WHY I LOVE “MIDNIGHT IN PARIS”??

It was a gloomy Sunday, and I found myself lost in my thoughts. Despite it being a day off, there was nothing fun to do, and all my friends were unavailable. Somehow, I dragged myself out of my messy yet comfortable bed, opened my watchlist, and randomly picked a movie. I closed my eyes, pointed at a title, and when I opened them, it turned out to be *Midnight in Paris*. To this day, I am so glad I stumbled upon this cinematic masterpiece. It's been two years since that moment, and I can't even count how many times I've rewatched it.

The reason I love this movie is the timelessness it holds. I deeply relate to Gil Pender, the protagonist, who finds himself mysteriously transported to 1920s Paris—a period he idolizes. In this golden age, he meets legendary figures like Hemingway, Fitzgerald,

Gertrude Stein, and many other icons from the history of art and literature. Watching Gil's journey feels like stepping into a dream, especially for someone like me who adores these authors and often spends hours reading about the “Golden Age of Art & Literature.”

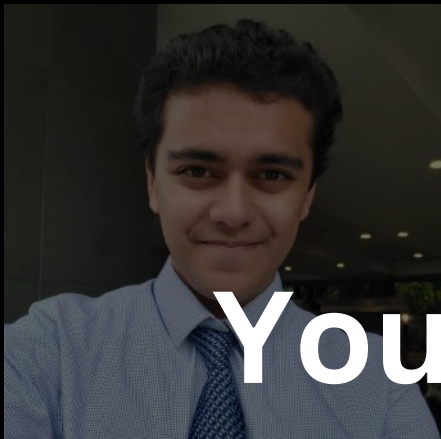

What truly resonates with me is how the film beautifully conveys a universal truth: no matter how much we romanticize the past or despise the present, today's struggles will eventually become a memory, a part of our own golden age. The film is a gentle reminder to embrace the present while cherishing the past, as both are equally important chapters in our lives.

So, here I am, signing off with the perfect plan for my evening. I'm going to curl back into my messy yet cozy bed, pour myself a cup of tea, and lose myself once again in the enchanting world of *Midnight in Paris*. After all, who wouldn't want to stroll through the streets of Paris in the 1920s, even if only for a little while?
